Appendix: Activity Learning Objectives

Sentence Segmentation

Level 1 - Identify 1–2 word phrases containing exaggerated pauses with 80% accuracy. *Click on the one with 2 words.*

Level 2 - Identify 2–3 word phrases containing exaggerated pauses with 80% accuracy. *Click on the one with 3 words.*

Level 3 - Identify 3–4 word phrases containing exaggerated pauses with 80% accuracy. *Click on the one with 4 words.*

Level 4 - Identify 4–5 word phrases containing exaggerated pauses with 80% accuracy. *Click on the one with 5 words.*

Level 5 - Count 1–2 words in a phrase containing exaggerated pauses with 80% accuracy. *Hit the drum for each word in the album title, then hit the cymbal.*

Level 6 - Count 1–3 words in a phrase containing exaggerated pauses with 80% accuracy. *Hit the drum for each word in the album title, then hit the cymbal.*

Level 7 - Count 2–5 words in a phrase containing exaggerated pauses with 80% accuracy. *Hit the drum for each word in the album title, then hit the cymbal.*

Level 8 - Identify 1–2 word phrases containing natural prosody with 80% accuracy. *Click on the one with 1 word.*

Level 9 - Identify 2–3 word phrases containing natural prosody with 80% accuracy. *Click on the one with 3 words.*

Level 10 - Identify 3–4 word phrases containing natural prosody with 80% accuracy. *Click on the one with 4 words.*

Level 11 - Identify 4–5 word phrases containing natural prosody with 80% accuracy. *Click on the one with 5 words.*

Level 12 - Count 1–3 words in a phrase containing natural prosody with 80% accuracy. *Hit the drum for each word in the album title, then hit the cymbal*.

Level 13 - Count 1–4 words in a phrase containing natural prosody with 80% accuracy. *Hit the drum for each word in the album title, then hit the cymbal.*

Level 14 - Count 2–5 words in a phrase containing natural prosody with 80% accuracy. *Hit the drum for each word in the album title, then hit the cymbal.*

Syllable Blending

Level 1 - Blend 2–3 syllables and identify the target word when given 2 choices with 80% accuracy. *Click on the word made by blending these syllables.*

Level 2 - Blend 3–4 syllables and identify the target word when given 2 choices with 80% accuracy. *Click on the word made by blending these syllables.*

Level 3 - Blend 4–5 syllables and identify the target word when given 2 choices with 80% accuracy. *Click on the word made by blending these syllables.*

Level 4 - Identify the 2–3 syllable sequence that makes the target word when given 2 choices with 80% accuracy. *Click on syllables that make this word.*

Level 5 - Identify the 3–4 syllable sequence that makes the target word when given 2 choices with 80% accuracy. *Click on syllables that make this word.*

Level 6 - Identify the 4–5 syllable sequence that makes the target word when given 2 choices with 80% accuracy. *Click on syllables that make this word.*

Level 7 - Blend 2–3 syllables and identify the target word when given 3 choices with 80% accuracy. *Click on the word made by blending these syllables.*

Level 8 - Blend 3–4 syllables and identify the target word when given 3 choices with 80% accuracy. *Click on the word made by blending these syllables.*

Level 9 - Blend 4–5 syllables and identify the target word when given 3 choices with 80% accuracy. *Click on the word made by blending these syllables.*

Level 10 - Identify the 2–3 syllable sequence that makes the target word when given 3 choices with 80% accuracy. *Click on syllables that make this word.*

Level 11 - Identify the 3–4 syllable sequence that makes the target word when given 3 choices with 80% accuracy. *Click on syllables that make this word.*

Level 12 - Identify the 4–5 syllable sequence that makes the target word when given 3 choices with 80% accuracy. *Click on syllables that make this word.*

Level 13 - Blend 2–3 syllables and identify the target word when given 4 choices with 80% accuracy. *Click on the word made by blending these syllables.*

Level 14 - Blend 3–4 syllables and identify the target word when given 4 choices with 80% accuracy. *Click on the word made by blending these syllables.*

Level 15 - Blend 4–5 syllables and identify the target word when given 4 choices with 80% accuracy. *Click on the word made by blending these syllables.*

Level 16 - Identify the 2–3 syllable sequence that makes the target word when given 4 choices with 80% accuracy. *Click on syllables that make this word.*

Level 17 - Identify the 3–4 syllable sequence that makes the target word when given 4 choices with 80% accuracy. *Click on syllables that make this word.*

Level 18 - Identify the 4–5 syllable sequence that makes the target word when given 4 choices with 80% accuracy. *Click on syllables that make this word.*

Syllable Segmentation

Level 1 - Identify 1–2 syllable words containing exaggerated pauses with 80% accuracy. *Click on the one with 2 syllables.*

Level 2 - Identify 2–3 syllable words containing exaggerated pauses with 80% accuracy. *Click on the one with 3 syllables.*

Level 3 - Identify 3–4 syllable words containing exaggerated pauses with 80% accuracy. *Click on the one with 4 syllables.*

Level 4 - Identify 4–5 syllable words containing exaggerated pauses with 80% accuracy. *Click on the one with 5 syllables.*

Level 5 - Count 1–3 syllables in a word containing exaggerated pauses with 80% accuracy. *Click on the bass for each syllable in the word; hit the cowbell when you are finished.*

Level 6 - Count 1–4 syllables in a word containing exaggerated pauses with 80% accuracy. *Click on the bass for each syllable in the word; hit the cowbell when you are finished.*

Level 7 - Count 2–5 syllables in a word containing exaggerated pauses with 80% accuracy. *Click on the bass for each syllable in the word; hit the cowbell when you are finished.*

Level 8 - Identify 1–2 syllable words containing natural prosody with 80% accuracy. *Click on the one with 2 syllables.*

Level 9 - Identify 2–3 syllable words containing natural prosody with 80% accuracy. *Click on the one with 3 syllables.*

Level 10 - Identify 3–4 syllable words containing natural prosody with 80% accuracy. *Click on the one with 4 syllables.*

Level 11 - Identify 4–5 syllable words containing natural prosody with 80% accuracy. *Click on the one with 5 syllables.*

Level 12 - Count 1–3 syllables in a word containing natural prosody with 80% accuracy. *Click on the bass for each syllable in the word; hit the cowbell when you are finished.*

Level 13 - Count 1–4 syllables in a word containing natural prosody with 80% accuracy. *Click on the bass for each syllable in the word; hit the cowbell when you are finished.*

Level 14 - Count 2–5 syllables in a word containing natural prosody with 80% accuracy. *Click on the bass for each syllable in the word; hit the cowbell when you are finished.*

Rhyming

Level 1 - Identify if 2 words rhyme when given both auditory and visual cues with 80% accuracy (vowels = short vowels, vocalic r). *Click here if they rhyme; click here if they don't rhyme.*

Level 2 - Identify if 2 words rhyme when given both auditory and visual cues with 80% accuracy (vowels = long vowels, diphthongs). *Click here if they rhyme; click here if they don't rhyme.*

Level 3 - Identify if 2 words rhyme when given only auditory cues with 80% accuracy (vowels = short vowels, vocalic r). *Click here if they rhyme; click here if they don't rhyme.*

Level 4 - Identify if 2 words rhyme when given only auditory cues with 80% accuracy (vowels = long vowels, diphthongs). *Click here if they rhyme; click here if they don't rhyme.*

Level 5 - Identify if 3 words rhyme when given both auditory and visual cues with 80% accuracy (vowels = short vowels, vocalic r). *Click here if they rhyme; click here if they don't rhyme.*

Level 6 - Identify if 3 words rhyme when given both auditory and visual cues with 80% accuracy (vowels = long vowels, diphthongs). *Click here if they rhyme; click here if they don't rhyme.*

Level 7 - Identify if 3 words rhyme when given only auditory cues with 80% accuracy (vowels = short vowels, vocalic r). *Click here if they rhyme; click here if they don't rhyme.*

Level 8 - Identify if 3 words rhyme when given only auditory cues with 80% accuracy (vowels = long vowels, diphthongs). *Click here if they rhyme; click here if they don't rhyme.*

Level 9 - Identify the word that does not rhyme out of 4 choices when given auditory and visual cues with 80% accuracy (vowels = short vowels, vocalic r). *Click on the word that does not rhyme.*

Level 10 - Identify the word that does not rhyme out of 4 choices when given auditory and visual cues with 80% accuracy (vowels = long vowels, diphthongs). *Click on the word that does not rhyme.*

Level 11 - Identify the word that does not rhyme out of 4 choices when given only auditory cues with 80% accuracy (vowels = short vowels, vocalic r). *Click on the word that does not rhyme.*

Level 12 - Identify the word that does not rhyme out of 4 choices when given only auditory cues with 80% accuracy (vowels = long vowels, diphthongs). *Click on the word that does not rhyme.*

Level 13 - Listen to a word and identify the word that rhymes out of 3 choices when given auditory and visual cues with 80% accuracy. *Click on the word that rhymes with this word.*

Level 14 - Listen to a word and identify the word that rhymes out of 4 choices when given auditory and visual cues with 80% accuracy. *Click on the word that rhymes with this word.*

Level 15 - Listen to a word and identify the word that rhymes out of 5 choices when given auditory and visual cues with 80% accuracy. *Click on the word that rhymes with this word.*

Level 16 - Listen to a word and identify the word that rhymes out of 3 choices when given only auditory cues with 80% accuracy. *Click on the word that rhymes with this word.*

Level 17 - Listen to a word and identify the word that rhymes out of 4 choices when given only auditory cues with 80% accuracy. *Click on the word that rhymes with this word.*

Level 18 - Listen to a word and identify the word that rhymes out of 5 choices when given only auditory cues with 80% accuracy. *Click on the word that rhymes with this word.*

Level 19 - Listen to a word and identify the word that rhymes out of 3 choices when given only visual cues with 80% accuracy. *Click on the word that rhymes with this word.*

Level 20 - Listen to a word and identify the word that rhymes out of 4 choices when given only visual cues with 80% accuracy. *Click on the word that rhymes with this word.*

Level 21 - Listen to a word and identify the word that rhymes out of 5 choices when given only visual cues with 80% accuracy. *Click on the word that rhymes with this word.*

Level 22 - Identify 4 words that rhyme out of 10 choices when given auditory and visual cues with 80% accuracy. *Click on all 4 words that rhyme.*

Phoneme Blending

Level 1 - Blend 2–3 phonemes (CV/CVC) to identify a word when given 2 choices with 80% accuracy. *Click on the word made by blending these sounds.*

Level 2 - Blend 4 phonemes (CVCV/CCVC/CVCC) to identify a word when given 2 choices with 80% accuracy. *Click on the word made by blending these sounds.*

Level 3 - Blend 5 phonemes (CVCVC/CCVCC) to identify a word when given 2 choices with 80% accuracy. *Click on the word made by blending these sounds.*

Level 4 - Identify the sequence of phonemes that makes the target word (CV/CVC) when given 2 choices with 80% accuracy. *Click on the group of sounds that makes this word.*

Level 5 - Identify the sequence of phonemes that makes the target word (CVCV/CCVC/CVCC) when given 2 choices with 80% accuracy. *Click on the group of sounds that makes this word.*

Level 6 - Identify the sequence of phonemes that makes the target word (CVCVC/CCVCC) when given 2 choices with 80% accuracy. *Click on the group of sounds that makes this word.*

Level 7 - Blend 2–3 phonemes (CV/CVC) to identify a word when given 3 choices with 80% accuracy. *Click on the word made by blending these sounds.*

Level 8 - Blend 4 phonemes (CVCV/CCVC/CVCC) to identify a word when given 3 choices with 80% accuracy. *Click on the word made by blending these sounds.*

Level 9 - Blend 5 phonemes (CVCVC/CCVCC) to identify a word when given 3 choices with 80% accuracy. *Click on the word made by blending these sounds.*

Level 10 - Identify the sequence of phonemes that makes the target word (CV/CVC) when given 3 choices with 80% accuracy. *Click on the group of sounds that makes this word.*

Level 11 - Identify the sequence of phonemes that makes the target word (CVCV/CCVC/CVCC) when given 3 choices with 80% accuracy. *Click on the group of sounds that makes this word.*

Level 12 - Identify the sequence of phonemes that makes the target word (CVCVC/CCVCC) when given 3 choices with 80% accuracy. *Click on the group of sounds that makes this word.*

Level 13 - Blend 2–3 phonemes (CV/CVC) to identify a word when given 4 choices with 80% accuracy. *Click on the word made by blending these sounds.*

Level 14 - Blend 4 phonemes (CVCV/CCVC/CVCC) to identify a word when given 4 choices with 80% accuracy. *Click on the word made by blending these sounds.*

Level 15 - Blend 5 phonemes (CVCVC/CCVCC) to identify a word when given 4 choices with 80% accuracy. *Click on the word made by blending these sounds.*

Level 16 - Identify the sequence of phonemes that makes the target word (CV/CVC) when given 4 choices with 80% accuracy. *Click on the group of sounds that makes this word.*

Level 17 - Identify the sequence of phonemes that makes the target word (CVCV/CCVC/CVCC) when given 4 choices with 80% accuracy. *Click on the group of sounds that makes this word.*

Level 18 - Identify the sequence of phonemes that makes the target word (CVCVC/CCVCC) when given 4 choices with 80% accuracy. *Click on the group of sounds that makes this word.*

Phoneme Segmentation & Identification

Level 1 - Count the number of phonemes in CV/CVC words with 80% accuracy. *Click on the turntable for each sound in the word. When you're finished building the word, click here.*

Level 2 - Count the number of phonemes in CVCV/CCVC/CVCC words with 80% accuracy. *Click on the turntable for each sound in the word. When you're finished building the word, click here.*

Level 3 - Count the number of phonemes in CVCVC/CCVCC words with 80% accuracy. *Click on the turntable for each sound in the word. When you're finished building the word, click here.*

Level 4 - Identify the initial sound of CV/CVC words when given 2 choices with 80% accuracy. *Click on the sound you hear at the beginning of this word.*

Level 5 - Identify the initial sound of CVCV/CCVC/CVCC words when given 2 choices with 80% accuracy. *Click on the sound you hear at the beginning of this word.*

Level 6 - Identify the initial sound of CVCVC/CCVCC words when given 2 choices with 80% accuracy. *Click on the sound you hear at the beginning of this word.*

Level 7 - Identify the initial sound of CV/CVC words when given 3 choices with 80% accuracy. *Click on the sound you hear at the beginning of this word.*

Level 8 - Identify the initial sound of CVCV/CCVC/CVCC words when given 3 choices with 80% accuracy. *Click on the sound you hear at the beginning of this word.*

Level 9 - Identify the initial sound of CVCVC/CCVCC words when given 3 choices with 80% accuracy. *Click on the sound you hear at the beginning of this word.*

Level 10 - Identify the initial sound of CV/CVC words when given 4 choices with 80% accuracy. *Click on the sound you hear at the beginning of this word.*

Level 11 - Identify the initial sound of CVCV/CCVC/CVCC words when given 4 choices with 80% accuracy. *Click on the sound you hear at the beginning of this word.*

Level 12 - Identify the initial sound of CVCVC/CCVCC words when given 4 choices with 80% accuracy. *Click on the sound you hear at the beginning of this word.*

Level 13 - Identify the final sound of CV/CVC words when given 2 choices with 80% accuracy. *Click on the sound you hear at the end of this word.*

Level 14 - Identify the final sound of CVCV/CCVC/CVCC words when given 2 choices with 80% accuracy. *Click on the sound you hear at the end of this word.*

Level 15 - Identify the final sound of CVCVC/CCVCC words when given 2 choices with 80% accuracy. *Click on the sound you hear at the end of this word.*

Level 16 - Identify the final sound of CV/CVC words when given 3 choices with 80% accuracy. *Click on the sound you hear at the end of this word.*

Level 17 - Identify the final sound of CVCV/CCVC/CVCC words when given 3 choices with 80% accuracy. *Click on the sound you hear at the end of this word.*

Level 18 - Identify the final sound of CVCVC/CCVCC words when given 3 choices with 80% accuracy. *Click on the sound you hear at the end of this word.*

Level 19 - Identify the final sound of CV/CVC words when given 4 choices with 80% accuracy. *Click on the sound you hear at the end of this word.*

Level 20 - Identify the final sound of CVCV/CCVC/CVCC words when given 4 choices with 80% accuracy. *Click on the sound you hear at the end of this word.*

Level 21 - Identify the final sound of CVCVC/CCVCC words when given 4 choices with 80% accuracy. *Click on the sound you hear at the end of this word.*

Level 22 - Identify the medial sound of CVC words when given 2 choices with 80% accuracy. *Click on the sound you hear in the middle of this word.*

Level 23 - Identify the medial sound of CVCV/CCVC/CVCC words when given 2 choices with 80% accuracy. *Click on the sound you hear in the middle of this word.*

Level 24 - Identify the medial sound of CVCVC/CCVCC words when given 2 choices with 80% accuracy. *Click on the sound you hear in the middle of this word.*

Level 25 - Identify the medial sound of CVC words when given 3 choices with 80% accuracy. *Click on the sound you hear in the middle of this word.*

Level 26 - Identify the medial sound of CVCV/CCVC/CVCC words when given 3 choices with 80% accuracy. *Click on the sound you hear in the middle of this word.*

Level 27 - Identify the medial sound of CVCVC/CCVCC words when given 3 choices with 80% accuracy. *Click on the sound you hear in the middle of this word.*

Level 28 - Identify the medial sound of CVC words when given 4 choices with 80% accuracy. *Click on the sound you hear in the middle of this word.*

Level 29 - Identify the medial sound of CVCV/CCVC/CVCC words when given 4 choices with 80% accuracy. *Click on the sound you hear in the middle of this word.*

Level 30 - Identify the medial sound of CVCVC/CCVCC words when given 4 choices with 80% accuracy. *Click on the sound you hear in the middle of this word.*

Level 31 - Identify 3 phonemes (initial, medial, final) in CVC words when given 2 choices for each with 80% accuracy. *Click on the keys to make this word. Click here when you are finished.*

Level 32 - Identify 3 phonemes (initial, medial, final) in CVCV/CCVC/CVCC words when given 2 choices for each with 80% accuracy. *Click on the keys to make this word. Click here when you are finished.*

Level 33 - Identify 3 phonemes (initial, medial, final) in CVCVC/CCVCC words when given 2 choices for each with 80% accuracy. *Click on the keys to make this word. Click here when you are finished.*

Level 34 - Identify 3 phonemes (initial, medial, final) in CVC words when given 3 choices for each with 80% accuracy. *Click on the keys to make this word. Click here when you are finished.*

Level 35 - Identify 3 phonemes (initial, medial, final) in CVCV/CCVC/CVCC words when given 3 choices for each with 80% accuracy. *Click on the keys to make this word. Click here when you are finished.*

Level 36 - Identify 3 phonemes (initial, medial, final) in CVCVC/CCVCC words when given 3 choices for each with 80% accuracy. *Click on the keys to make this word. Click here when you are finished.*

Level 37 - Identify 3 phonemes (initial, medial, final) in CVC words when given 4 choices for each with 80% accuracy. *Click on the keys to make this word. Click here when you are finished.*

Level 38 - Identify 3 phonemes (initial, medial, final) in CVCV/CCVC/CVCC words when given 4 choices for each with 80% accuracy. *Click on the keys to make this word. Click here when you are finished.*

Level 39 - Identify 3 phonemes (initial, medial, final) in CVCVC/CCVCC words when given 4 choices for each with 80% accuracy. *Click on the keys to make this word. Click here when you are finished.*

Level 40 - Identify all of the phonemes in CVCV/CCVC/CVCC words when given 2 choices for each with 80% accuracy. *Click on the keys to make this word. Click here when you are finished.*

Level 41 - Identify all of the phonemes in CVCVC/CCVCC words when given 2 choices for each with 80% accuracy. *Click on the keys to make this word. Click here when you are finished.*

Phoneme Segmentation & Identification (Cont.)

Level 42 - Identify all of the phonemes in CVCV/CCVC/CVCC words when given 3 choices for each with 80% accuracy. *Click on the keys to make this word. Click here when you are finished.*

Level 43 - Identify all of the phonemes in CVCVC/CCVCC words when given 3 choices for each with 80% accuracy. *Click on the keys to make this word. Click here when you are finished.*

Level 44 - Identify all of the phonemes in CVCV/CCVC/CVCC words when given 4 choices for each with 80% accuracy. *Click on the keys to make this word. Click here when you are finished.*

Level 45 - Identify all of the phonemes in CVCVC/CCVCC words when given 4 choices for each with 80% accuracy. *Click on the keys to make this word. Click here when you are finished.*

Phoneme Deletion

Level 1 - Delete the initial phoneme of a word and identify the new word when given 2 choices with 80% accuracy. *Click on the word you get when you remove a sound.*

Level 2 - Delete the initial phoneme of a word and identify the new word when given 3 choices with 80% accuracy. *Click on the word you get when you remove a sound.*

Level 3 - Delete the initial phoneme of a word and identify the new word when given 4 choices with 80% accuracy. *Click on the word you get when you remove a sound.*

Level 4 - Delete the final phoneme of a word and identify the new word when given 2 choices with 80% accuracy. *Click on the word you get when you remove a sound.*

Level 5 - Delete the final phoneme of a word and identify the new word when given 3 choices with 80% accuracy. *Click on the word you get when you remove a sound.*

Level 6 - Delete the final phoneme of a word and identify the new word when given 4 choices with 80% accuracy. *Click on the word you get when you remove a sound.*

Level 7 - Delete the initial or final phoneme of a word and identify the new word when given 2 choices with 80% accuracy. *Click on the word you get when you remove a sound.*

Level 8 - Delete the initial or final phoneme of a word and identify the new word when given 3 choices with 80% accuracy. *Click on the word you get when you remove a sound.*

Level 9 - Delete the initial or final phoneme of a word and identify the new word when given 4 choices with 80% accuracy. *Click on the word you get when you remove a sound.*

Phoneme Addition

Level 1 - Add a phoneme to the initial position of a word and identify the new word when given 2 choices with 80% accuracy. *Click on the word you get when you add a sound.*

Level 2 - Add a phoneme to the initial position of a word and identify the new word when given 3 choices with 80% accuracy. *Click on the word you get when you add a sound.*

Level 3 - Add a phoneme to the initial position of a word and identify the new word when given 4 choices with 80% accuracy. *Click on the word you get when you add a sound.*

Level 4 - Add a phoneme to the final position of a word and identify the new word when given 2 choices with 80% accuracy. *Click on the word you get when you add a sound.*

Level 5 - Add a phoneme to the final position of a word and identify the new word when given 3 choices with 80% accuracy. *Click on the word you get when you add a sound.*

Level 6 - Add a phoneme to the final position of a word and identify the new word when given 4 choices with 80% accuracy. *Click on the word you get when you add a sound.*

Level 7 - Add a phoneme to the initial or final position of a word and identify the new word when given 2 choices with 80% accuracy. *Click on the word you get when you add a sound.*

Level 8 - Add a phoneme to the initial or final position of a word and identify the new word when given 3 choices with 80% accuracy. *Click on the word you get when you add a sound.*

Level 9 - Add a phoneme to the initial or final position of a word and identify the new word when given 4 choices with 80% accuracy. *Click on the word you get when you add a sound.*

Phoneme Manipulation

Level 1 - Substitute a phoneme in the initial position of a word and identify the new word when given 2 choices with 80% accuracy. *Click on the word you get when you change a sound.*

Level 2 - Substitute a phoneme in the initial position of a word and identify the new word when given 3 choices with 80% accuracy. *Click on the word you get when you change a sound.*

Level 3 - Substitute a phoneme in the initial position of a word and identify the new word when given 4 choices with 80% accuracy. *Click on the word you get when you change a sound.*

Level 4 - Substitute a phoneme in the final position of a word and identify the new word when given 2 choices with 80% accuracy. *Click on the word you get when you change a sound.*

Level 5 - Substitute a phoneme in the final position of a word and identify the new word when given 3 choices with 80% accuracy. *Click on the word you get when you change a sound.*

Level 6 - Substitute a phoneme in the final position of a word and identify the new word when given 4 choices with 80% accuracy. *Click on the word you get when you change a sound.*

Level 7 - Substitute a phoneme in the medial position of a word and identify the new word when given 2 choices with 80% accuracy. *Click on the word you get when you change a sound.*

Level 8 - Substitute a phoneme in the medial position of a word and identify the new word when given 3 choices with 80% accuracy. *Click on the word you get when you change a sound.*

Level 9 - Substitute a phoneme in the medial position of a word and identify the new word when given 4 choices with 80% accuracy. *Click on the word you get when you change a sound.*

Level 10 - Substitute a phoneme in the initial, medial, or final position of a word and identify the new word when given 2 choices with 80% accuracy. *Click on the word you get when you change a sound.*

Level 11 - Substitute a phoneme in the initial, medial, or final position of a word and identify the new word when given 3 choices with 80% accuracy. *Click on the word you get when you change a sound.*

Level 12 - Substitute a phoneme in the initial, medial, or final position of a word and identify the new word when given 4 choices with 80% accuracy. *Click on the word you get when you change a sound.*
