Sequencing & Common Core State Standards

HearBuilder Sequencing supports the Reading Standards addressed in the Common Core State Standards (CCSS) – 2010. These standards offer a focus for instruction to help students master a wide range of skills and applications. “Students advancing through the grades are expected to meet each year’s grade-specific standards and retain or further develop skills and understandings mastered in preceding grades.” (CCSS 2010, p. 11)

HearBuilder Sequencing provides a systematic way for an unlimited number of students to build important literacy skills like: reading left to right, comprehending important details, predicting, and using temporal and transition words to sequence the order (beginning, middle, and end) of a story. While completing HearBuilder Sequencing activities, students earn tokens to visit the Arcade.
